# **JUST FOR TOENAILS®**

**Prosthetic Nail System™**

Remember,

Just For Toenails (JFT) first developed the enhanced nail polish market in 1998. JFT is the oldest enhanced nail polish company with the best product prices in the podiatric medical industry.

You can order ANY color you would like but the minimum for any custom color is 110 units of that particular color. If you would like to see a expanded color chart by email, email us back at [www.rts9999999@aol.com](mailto:www.rts9999999@aol.com)

Note\* the more additive products you put in a nail polish, the less adherence rate to the nail. We have the best balanced product available and can immediately customize your label for selectively promoting your practice.

Always be medically accurate with your patient base and please mention the best rate of cure will be with your prescription based antifungal or laser nail treatments but JFT is the best patient directed enhanced nail polish out there.

Never offer this product as a cure but as a safer alternative to regular nail polish or as a maintenance product for problem nails.
